

SRI RAJA CONSTRUCTIONS

Quality is our Strength

About us:

Sri Raja Constructions recognized as one of the best construction company, handling an array of building projects for all types of clients.

There is no project too small or too big for us. We build your dream world by our satisfactory service. We will undertake just about any sized project.

Journey of a Thousand miles will begin with a single step and we took that step in 1980 and in the course of time we achieved many milestones in our Journey and set benchmark and standards for others to follow.

Our commitment to quality and passion towards perfection has helped to achieve a great position in the present Real Estate world. We are now a leading constructing and contracting company undertaking civil & structural works for commercial & residential Buildings, Industrial, Infrastructure & Logistic park projects at various locations.

We are there when you need us most, so we can help you minimize time and disruption to your Business. We operate round the clock, every day of the year.

We are constantly looking beyond customers' and society's expectations in order to deliver market leading services wherever they are needed. As the leader in providing specialized business solutions that improve quality, safety and productivity and reduce risk, we help customers navigate an increasingly regulated world. Our independent services add significant value to our customers' operations and ensure business sustainability.

We seek to be epitomized by our passion, integrity, entrepreneurialism and our innovative spirit, as we continually strive to fulfill our vision. These values guide us in all that we do and are the bedrock upon which our organization is built.

"Wherever you are in the world and there we build your dream world"

We constantly strive to find and create new ways to better serve our clients. Whether it's providing innovative planning processes, alternate cost savings opportunities, or green building solutions, we're always looking to maximize our contribution.

Our main motive is to introduce new technologies to save our customers time and money. We push the boundaries for excellence and innovation in the construction industry.

Our company has more than 40 years of experience in the field of construction. We feel proud by giving quality works to our customers by highest satisfaction level with sincerity, honesty and timely completion of project.
